Software Project protocol

1. Meeting

	C#	C++	Python
Lukas	good	noob	noob
Abbas		good	beginner
Habib			
Chisom	beginner	beginner	
Ramul			good

→ C# = winner!

- tools:
  - Git Hub
  - Trello
  - MeisterTask
  - Visual Studio
  - MicrosoftManager

→ trello = winner!

- **time management:**

	Monday	Tuesday	Wednesday	Thursday	Friday
Lukas	🟥				
Florian	🟥				
Abbas	🟥				
Habib	🟥				
Chisom	🟥				
Rahul	🟥			🟥	

  - Monday = homeoffice day
  - red = critical danger zone
  - working times : 9:00 – 16:00/17:00 (overtime **not paid**!)

- technical stuff:
  - camera that works with C#
  - minimum goal: recognize face from still image
- first steps:
  - collect resources: modules, libraries, articles about face recognition
  - learn about AI
  - link Visual Studio to Github
  - open questions:
    - Is OpenCV compatible with C#?
  - make accounts:
    - Github (Rahul)
    - Trello (Rahul)
